2018 CONFERENCE

Taylor's Lakes Hotel
Conference Centre
SATURDAY 27 OCTOBER

WELCOME

On behalf of Karting Australia, it is my pleasure to invite you to attend the 2018 Building Better Kart Clubs Conference.

This event comes off the back of the implementation of Karting Australia's Plus 1 Project.

Plus 1 is an initiative that we launched early in 2018 to address, with our State Associations the key issues of encouraging behavioural change that will lead to increased membership of our affiliated Clubs and participation in karting.

This is the critical next step in the project following on from the pivotal meetings with Club Presidents that have been held across the country over recent months. It fits perfectly within the scope of the Building Better Kart Clubs concept that was launched in 2017.

The theme for our first conference is **KARTING CLUBS - MORE THAN JUST A PLACE TO RACE.**

We are pleased to present a full day of informative sessions and workshops with a first-class line-up of guest speakers from within and from outside the Australian karting world.

Our vision is to inspire our Clubs and to encourage the key Committee personnel that work so hard for our sport at the Club and Grassroots coalface to embrace the opportunities to make their Clubs so much more than just a place to race and in so doing, to accept the challenge to reduce the membership churn rate through the sport and to drive participation.
