Rotax Global App

Full control at your fingertip,
now available in your App Store.

Select your favorite Championship
and get instant information about
the current Race and upcoming Events
interactively from the [EVA-EMS System](#)

BRP-Rotax always makes every effort to provide not only the best quality, but also the best service to its customers. This includes supplying information to all participants, entrants and teams of Rotax kart racing events in real time via a powerful interactiv Smartphone App - the [Rotax Global App](#).

Stay tuned about the current [Event](#) (left) and any other event of the [Championship](#) (right).

- Push Updates (Bulletins, News, ...)
- Push Notifications (Summons, ...)
- Results & Grids
- Current Timetable
- Weather incl. 6-days Forecast
- Track Layout & Directions

One of the key services are the [Push-Notifications](#) and [-Updates](#) coming directly from the organizer through the EVA-EMS Event Management System.

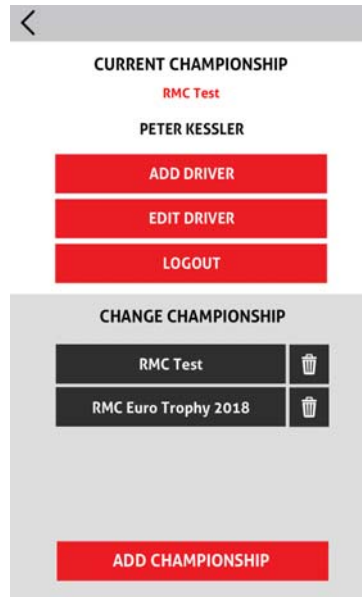

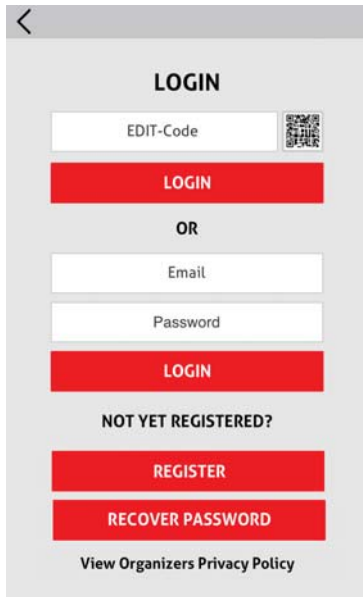

Forget about chasing the paddock up and down to find out what's going on - just listen to your Smartphone and be fully informed.

Receive summons, decisions, results, grids, bulletins, documents and much more on your mobile device interactively, anytime and anywhere.

[Never miss something again!](#)

Login with your email address and password or just scan the [QR-Code](#) on your confirmation email.

Select your favorite [Championships](#) and observe other [Drivers](#) of your interest.

The Online [Entrylist](#) shows you either all participants or the drivers of your desired class.

The Online [Timetable](#) gives you instant information about any changes and keeps you up to date.

Just a few examples more ...

In continuation to the first App (the Rotax Grand Finals App introduced in 2017) this new App is made to be used for all Rotax kart events worldwide. The participants of the [Rotax Max Challenge Grand Finals 2018 in Brasil](#) will be the first customers to benefit from this enhanced service.

Detailed information can be found in the [Rotax Global App Guide](#).
